

Bring it On!™

It Really Works!

A unique formula containing hard working detergents, mild "Jeweler's grade" abrasive and Oxygen bleach an extra thick, synergistically blended detergent based cleaner designed to tackle the toughest cleaning jobs. This formula contains an oxygen type bleach to remove stubborn stains. No gloves or mixing needed.

Hard Water Spots & Stains!

Directions

1. Apply small amount of Bring It On! with a damp sponge or non-abrasive pad. Scrub surfaces in a circular motion until stain or spots are removed.
 2. Rinse with water until surface is clean.
 3. Repeat if necessary towel dry.
 4. A buffer is helpful for larger areas and hard to do surfaces.
- Note: According to how long stains and spots have been on surfaces - more than one application may be necessary.

ChemCo Inc Kauai

By finding the best formula for our customers, we take great pride in bringing you the consumer products that really work! I have struggled for years to find a good product that would work great in your home or business that works on windows to fine jewelry, and to keep it environmentally safe - **Green**

Also, I wanted something that I could use on a daily basis if I choose.

I am proud to say I have finally found a product that stands up to my expectations. I'm sure you will agree with me once you have tried
